

ANIKET SATISH BHAGWAT

Senior MERN Stack Developer

 aniketbhagwat95@gmail.com |  +91-9588481017 / +91-8796854983 |  India

PROFESSIONAL SUMMARY

Senior MERN Stack Developer with **7+ years of experience** in front-end and full-stack web development, including **2+ years specializing in MERN Stack (MongoDB, Express.js, React.js, Node.js, NestJS)**. Proven expertise in building scalable, secure, and high-performance web applications, especially in **e-commerce, gaming, and real-time applications**. Strong experience in API design, role-based access control, database optimization, and end-to-end project ownership.

CORE TECHNICAL SKILLS

- **Frontend:** React.js, Redux, Next.js, JavaScript (ES6+), HTML5, CSS3, Bootstrap, Material UI
 - **Backend:** Node.js, Express.js, NestJS
 - **Database:** MongoDB, Mongoose
 - **Architecture:** REST APIs, MVC, Modular Architecture
 - **Authentication:** JWT, Role-Based Access Control (RBAC)
 - **Tools & DevOps:** Git, GitHub, Postman, npm, VS Code
 - **Other:** API Integration, Performance Optimization, Debugging, Agile/Scrum
 - **AI Tools:** GitHub Copilot, Codex, Cursor, Vercel AI (hands-on for code generation, debugging, and productivity)
-

PROFESSIONAL EXPERIENCE

Appristine Technology Pvt. Ltd.

MERN Stack Developer | Feb 2021 – Present

- Designed, developed, and maintained scalable full-stack applications using **React.js, Next.js, Node.js, Express.js, MongoDB**.
 - Implemented **authentication, authorization, and role-based access control**, improving application security and access management.
 - Built complete **order management and master data flows** for e-commerce platforms.
 - Developed and integrated RESTful APIs, improving data exchange and system reliability.
 - Optimized database queries and backend logic, resulting in improved application performance and faster response times.
 - Collaborated with UI/UX designers, QA, and backend teams to deliver production-ready features.
 - Actively participated in code reviews, bug fixing, and performance enhancements.
-

Exceptionaire Technology Pvt. Ltd.

Front-End Developer | Sep 2018 – Jul 2020

- Developed dynamic and responsive user interfaces using **React.js and Redux**.
 - Optimized front-end performance and reduced page load times.
 - Worked closely with backend developers to integrate REST APIs.
 - Improved overall user experience through clean UI components and reusable code.
-

KEY PROJECTS

Godhan – E-commerce Platform

- Developed complete **master data and order management system**.
 - Implemented **quick login and role-based access** for managers and admins.
 - Ensured smooth integration between frontend and backend services.
 - **Tech Stack:** React.js, Redux, Next.js, Node.js, Express.js, MongoDB, Bootstrap
-

Emotorad – E-commerce Platform

- Built order and inventory management flows.
 - Implemented authentication and role-based dashboards.
 - Improved usability and responsiveness across devices.
 - **Tech Stack:** React.js, Redux, Bootstrap, JavaScript, CSS
-

Sweepcoins – Cash Gaming Platform

- Developed **wallet balance management and cash redemption features**.
 - Integrated secure APIs for transaction handling.
 - Focused on performance and secure data handling.
 - **Tech Stack:** React.js, Redux, Bootstrap
-

Nationwide – Chat Application

- Implemented **one-to-one chat, group chat, and broadcast messaging**.
 - Added support for **file, image, and video uploads**.
 - Ensured real-time communication and optimized UI performance.
 - **Tech Stack:** React.js, Redux, Next.js, jQuery, HTML5, CSS3
-

EDUCATION

Bachelor of Arts (B.A.)

Yashwantrao Chavan Maharashtra University (YCMOU), Nashik

Year of Passing: 2021

Professional Certification – Frontend Developer

CNS Web World

Duration: 1 Year

ADDITIONAL INFORMATION

- Strong understanding of scalable application architecture
 - Experience working in Agile development environments
 - Passionate about writing clean, maintainable, and efficient code
 - Continuous learner, focused on modern JavaScript frameworks
